Description

About This Product

Hand Knotted Silk Rugs are second to none when it comes to quality. Silk fibers are much thinner allowing our weavers to maximum the knots per square inch in a rug. This will escalate the labor as well as material in the rug. These traits along with the cost of silk make hand knotted silk rugs some of the most expensive rugs in the world.

Features

- Hand Knotted
- Material: Wool & Silk
- Hand-Made

“Rugs can turn into a nightmare if you don’t give them the proper attention.”

— Rachael, Contents Adjuster
