

# Mold Assessor, Remediation Contractor and Abatement Worker

## Mold Assessor (32 hrs) Tuesday-Friday

New York State Approved

**MTP-005**

Dept. of Labor

**\$799**

The New York State Labor Law requires 32 hours of training in mold, moisture, respiratory protection, protocol writing, post-remediation clearance and a proctored examination. Once the applicant completes these two requirements onsite, offered by NORMI, application is made directly to the State for licensure.

## Remediation Contractor (24 hrs) Wednesday-Friday

**\$699**

The New York State Labor Law requires 24 hours of training in mold, moisture, respiratory protection, protocol writing, post-remediation clearance and a proctored examination. Once the applicant completes these two requirements onsite, offered by NORMI, application is made directly to the State for licensure.

### THREE CLASSES/OPTIONS

in the SAME LOCATION

**December 1-4, 2015**

**CleanTec**

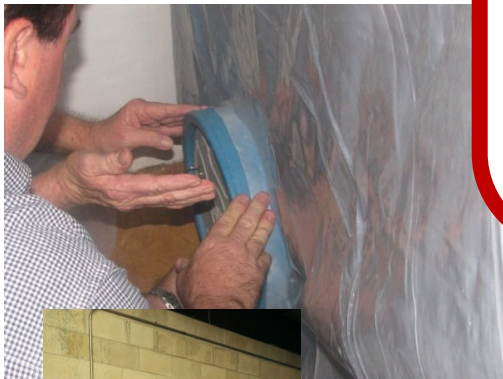

**1232 Tulip Street**

**Liverpool, NY 13090**

**\$399**

**Exam  
Included**

Details of the New York Labor Law curriculum for each discipline is posted on our website for your review. Our classes are designed to be interactive, practical and enjoyable because we utilize multiple trainers and training techniques. You will be ready to take the approved examination on the last day appropriate to your license.

The New York State Labor Law requires 16 hours of training in mold, moisture, respiratory protection, hazard communication, workplace safety and a proctored examination. Once the applicant completes these two requirements onsite, offered by NORMI, application is made directly to the State for licensure.

**Thursday-Friday**
